Evidence-based performance measures for efficient and effective global health.

Measuring Quality in Family Planning: state of the field and new opportunities

Thursday, April 26th, 6:30-8:00 PM, in Governor’s 12 at the PAA Annual Meeting

YOU'RE INVITED: Join host Metrics for Management over drinks and light hors d’oeuvres to discuss the latest research in family planning quality measurement.

In addition to interactive discussion, the event will feature presentations from M4M Director of Research Niral Chakraborty; Aparna Jain from Population Council; Yoonjoung "YJ" Choi and David Bishai from the Bill & Melinda Gates Institute for Population and Reproductive Health, JHSPH; and Kelsey Holt from University of California, San Francisco.

Presentation topics will include measuring quality across facility and community settings in India, variations in the Method Information Index (MII) over time, how and how well the MII may be used to measure quality, the creation of a new scale for FP counseling, and assessing
From health program managers and providers, to researchers, policy makers, and funders – all are encouraged to attend what promises to be an enriching evening. We hope to see you there!

This special reception is open to the public.

**Attending the 2018 PAA Annual Conference (#PAA2018)?**
